Guide to Showcase Exhibitors and Sponsors

WELCOME TO THE 5th ANNUAL ENERGY AND THE ENVIRONMENT SHOWCASE

This event is open to attendance to a wide variety of individuals and groups, including representatives of businesses and organizations, public officials, and members and future members of the Independent Power Producers of New York, Inc. This exciting event provides an opportunity for attendees to understand the viewpoints of various groups and to engage in a discussion of those issues.

INDEPENDENT POWER PRODUCERS OF NEW YORK, INC. (“IPPNY”)

Who We Are

IPPNY is a New York State trade association representing companies involved in the development of generation, marketing and sale of electric power and natural gas. Utilizing cutting-edge technologies and fuel types such as cogeneration, nuclear, hydro, coal, wind, landfill waste and biomass, IPPNY member companies have invested \$10 billion worth of private energy infrastructure development in New York State since 2000.

IPPNY actively represents supply sector companies in all of the following areas:

- *New York State Office of the Governor
- *New York State Senate and Assembly
- *New York Independent System Operator
- *New York State Department of Environmental Conservation
- *New York State Public Service Commission
- *State Authorities and Agencies: NYPA, NYSERDA, LIPA

OUR MEMBERS

IPPNY's Membership is Powerful! IPPNY Members generate over 75 percent of New York State's electricity needs using the following fuels:

- Cogeneration
- Nuclear
- Hydro
- Coal
- Wind
- Landfill Waste
- Biomass

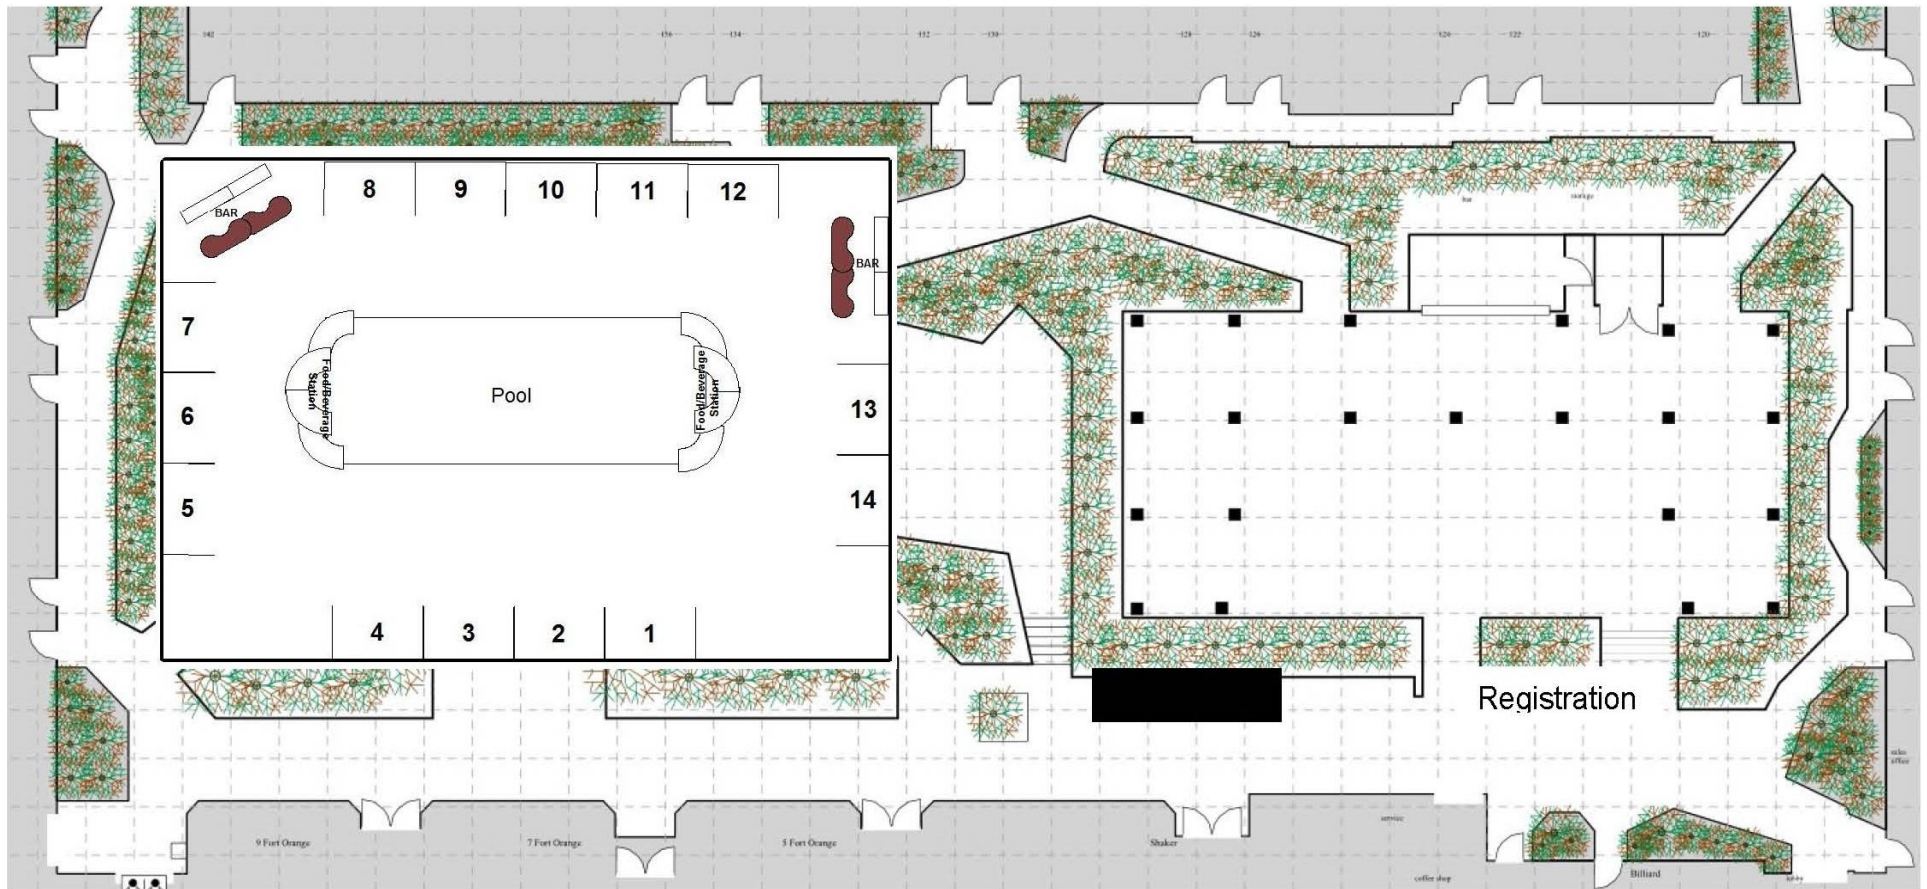

From Montauk point to Niagara Falls, seven-out-of-ten New York State residents are getting their electricity from an IPPNY member. Visit us online: www.ippony.org.

EVENT INFORMATION

About the Showcase: The Showcase affords attendees, exhibitors, and sponsors alike the opportunity to engage a wide variety of individuals and groups, including representatives of businesses and organizations, public officials, members and future members of the IPPNY.

About the Conference: Our spring conference regularly attracts well over 100 energy industry executives, policy makers and members of the financial and legal communities. The Draft New York State Energy Plan and ongoing Energy Highway initiatives pose many potential changes that will affect the way business is done in New York. This year's conference will focus on the integration of distributed energy resources and how that will impact system reliability, consumers, and competitive energy markets in this state.
